Soft Riding on Hard Roads

FROREN, rough roads emphasize the superior cushioning action of the Triple Springs of the new Overland 4, Four-Door Sedan.

The Sedan protects passengers from bad roads in addition to protecting them from bad weather.

The Triple Springs give the road steadiness of a heavy car with the economy in fuel and tires of a light weight car. They ward off discomfort and fatigue; they reduce the upshock

exposure by protecting car and mechanism from shock and wear.

Beautifully furnished and equipped complete from electric starting and lighting to speedometer and electric horn, Overland 4 Sedan is a quality car in every respect.

Overland 4 Sedan is completely manufactured in our Canadian plant and is particularly well adapted to Canadian road and weather conditions.

How many uses for DAYLO in the home?

Do you get up in the night---

- | | |
|-------------------------------|-----------------------------|
| to look after the youngsters? | to answer the phone? |
| to shut or open a window? | to see who's at the door? |
| to investigate that noise? | to shake up the furnace? |
| to get another blanket? | to take a dose of medicine? |

And in the daytime do you---

- | | |
|-----------------------------------|---------------------------------------|
| hunt in the depths of a closet? | look into the dim oven? |
| grope in the back of the ice box? | look into dark attic corner? |
| go down cellar after coal? | search for a hutton under the bureau? |

Get a Daylo to-day. Have a regular place to keep it--on the clock shelf, under your pillow, or by the hall door. See that it is always "loaded" with a fresh Tungsten Battery--and use it.

Many Daylo styles--one for every household need. Buy them at leading electrical, hardware, drug, sporting goods or auto-accessory stores.

\$10,000 Cash Prize Contest coming. Watch for announcements later.

An 8% Investment Backed by Remarkable Dividend Records

Our Allen Theatre has paid its stockholders \$750,000 in six years. Others are paying approximately one per cent monthly on the Common Stock, in addition to regular Preferred Stock Dividends. All our Allen Theatres have remarkable dividend records. We believe

Allens Montreal Theatre

8% Cumulative Preferred Stock

which we are offering at
Par, with 25% Bonus of Common Stock
will grow an equally good investment

Our position is based on the success of the Allen Theatre enterprises in Canadian cities and the dividend record of the Allen Theatre in which issues have been made to the public.

The estimated gross revenue of Allen Montreal Theatre is \$200,000 annually; fixed charges and operating expenses \$80,000; balance, after payment of dividend on Preferred Stock, is \$120,000 per annum, which is available for Common Stock dividends.

Have you a Partner?

It is good to have someone to lean on
occasionally during sickness or other
emergencies.

EVEN the best of us would be up against it
if our weekly salary were suddenly stopped
because of temporary inability to be the
breadwinner.

WE can make a partner for you—to receive out
of today's pay by earning a little more for
yourself. Our money goes out and a lasting
partnership with us, insuring us forever of
the anxiety of having the breadwinners of the
future alone.

SAVINGS turned into investments in safe
bonds and listed stocks because marketing
partners that save money regularly for us.
Instead of letting our savings until they
start to earn a profit, it is better to invest
them immediately. It is now possible to buy
the insurance plan the same insurance
that the most astute and experienced
businessmen own.

WE give you a small sum each month we
can get a partner who will work steadily to
shield you on the day of our loss.

A report for us for double "if" will
enable us to give you in cash
insurance will give savings

BUSINESS & INVESTMENTS

Exchange Conditions Influence Business

THE exchange exchange situation is having a very marked effect on business conditions in Canada at the present time. There is a question of a small but noticeable reduction in the cost of money, which is a factor in the cost of production of finished goods in Canada, but as even exchange rates have had a marked effect and there have been instances of longer lines and rising prices, the effect of the exchange is not so simple as it seems. In the New York stock exchange, however, there has been a marked increase in the price of the stock of the company, and as a result a very large number of companies are now being absorbed into the market, which is a factor in the exchange situation.

The whole tendency of the exchange has been to change the exchange situation. There has been a marked increase in the price of the stock of the company, and as a result a very large number of companies are now being absorbed into the market, which is a factor in the exchange situation.

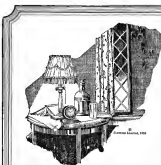

The effect of the exchange has been to change the exchange situation. There has been a marked increase in the price of the stock of the company, and as a result a very large number of companies are now being absorbed into the market, which is a factor in the exchange situation.

Investors Should Be Conservative

By H. M. MacLellan, Montreal

THESE are the days when the investor who has been trained to play safe with his money is more likely to be successful than the one who is not. The market is full of speculation, and the investor who is not conservative is more likely to be successful than the one who is not. The market is full of speculation, and the investor who is not conservative is more likely to be successful than the one who is not.

Why are some beds better than others

The power of a principle is the most wonderful thing in the world. The manufacturer who starts with a principle can accomplish anything. He can even produce a bed that *invites sleep* instead of repelling it.

Passant you have never slept in or on a proper bed.
A great many people do not know what a bed should be or why. The old wooden bed posts—warping, creaking and creaking with age.
The average metal bed is hardly less noisy.

And the Windsor Box Spring writes complete rubbish. It supports the body at one end and repelling it at the other—each end repelling the body in the center, so that the sleeper is perfectly rested, whether one sleeps on the back or on the side.

comes the Norton cannot be lost or prevented.
The standard merchant in every section is now to have Simmons Beds, Windsor Box Springs, Mattresses and Pillows.
And when you are selecting your Simmons Beds with an eye on their appearance in the room, you will see that Simmons has for the first time established beautiful and comfortable designs in Metal Beds.

It may be news to you that there is anything better to be had than the average bed of the average man.

For thirty years, the products of Simmons Limited have been a household word in the better homes of Canada.

For every Canadian, sleep is the most important personal issue of the hour.

Bed with the Windsor Box Spring. The Simmons Metal Bed starts with the principle that a bed is made to sleep in.

It is the leader in *Body Beds*—a separate bed for each sleeper, welcomed everywhere by busy people, and a great and forward mind sleep and glowing health.

They will not pay any more for a Simmons Bed than for any bed of good average quality.

When you push or pull it by one end, the whole bed moves as a unit. You will not get it stuck in your back—and a sign of unsteadiness.

It is the leader in *Body Beds*—a separate bed for each sleeper, welcomed everywhere by busy people, and a great and forward mind sleep and glowing health.

They will not pay any more for a Simmons Bed than for any bed of good average quality.

This 'read is Not Accidental

THE Goodyear All-Weather Tread was *designed* by the keenest, most practical men in the tire industry.

It was designed primarily for *service*—not for its mere advertising value.

The Goodyear All-Weather tread has been put to the severest tests known to engineers or scientists.

In less than a score of years it has a rugged service on millions of cars.

For many years Goodyear has been reaching for flaws in it—finding none.

To-day it remains the world's most useful automobile tire tread.

Such a tread could not be accidental. It is primarily the result of policy—the same policy which has led Goodyear through a host of improvements to the crowning achievement—the Goodyear Cord Tire & the *All-Weather Tread*.

The sharp-edged blocks, scientifically arranged, roll easily straight ahead—but resist every tendency to skid, take you out of ruts, around corners, across icy car-tracks. They pull

ahead through mud and snow and slush. They keep front wheels under control.

With Goodyear All-Weather Tread Tires on all four wheels and spare, no matter what tire change you make, the appearance of your car is always balanced.

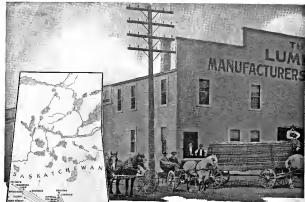

All-Weather Tires are All-Wheel Tires.

For to-day's motoring conditions, have Goodyear Tires on all wheels. Go to a Goodyear Service Station Dealer for tires and mileage-making service.

GOOD YEAR GOOD YEAR

MADE IN CANADA MADE IN CANADA

How Three Men

EVERYBODY in the lumber business knows what a volume of detail has to be handled even in one busy yard.

There are always estimates to be prepared, lumber bills to be made out, checked and totaled, and there are an endless number of other figure operations that involve addition, subtraction, multiplication and division.

If you know how rapidly work accumulates in one yard you can imagine the deluge of figure work in a main office handling so many branch yards as are maintained by the Lumber Manufacturers Yards, Limited, of Regina, Sask.

Handle 45 Big Jobs

YARD reports, invoices, estimates, and other figure work from 45 yards stream into the main office of this company every day. It takes speed and accuracy for the small force of expert lumber men to keep up with the work.

"Good lumber men are the best mental calculators in the world," says C. Greig, accountant for the company, "but our business grew so rapidly that our accounting department was behind more of the time. Finally we reached a point where we decided additional help was an absolute necessity."

"We got help. Not a man, but a machine—a Burroughs Calculator."

TODAY there are two Burroughs Calculators for figuring and checking in that busy office. On one job alone, the checking of daily yard reports, these machines have paid for themselves many times over.

Forty-five big jobs handled by three men—figures up to date every business day—a practical solution of the problem of night work—and a simplification of another troublesome problem—clerical help—this is the record of the Burroughs in the Lumber Manufacturers, Limited, of Regina.

Even though your accounts may be far less complex, the savings possible by the substitution of Burroughs methods for old-fashioned ones are no less certain.

The A B C of Business

The standard Burroughs five-revolution machines for Adding, for Bookkeeping and for Calculating—among these a world-wide will fit any size business, large or small, and rapid in cost as an extraordinary investment.

Branches are maintained in many Canadian cities—St. John, N. B.; Halifax, N. S.; St. John, Nfld.; Quebec and Montreal, P. Q.; Ottawa, Toronto and Hamilton, Ont.; Winnipeg, Man.; Regina and Saskatoon, Sask.; Calgary and Edmonton, Alta.; Vancouver and Victoria, B. C.

NELSON

"Meet him face to face"

"This is Williams—an old friend of the family, famous for his rich and creamy lather. He gets me out of a bad scrape every morning of my life. No matter how I bristle up, he does his job. The more he gets worked up, the more gentle and soothing he becomes. Seventy-five years of close contact with real men have taught him all the wrinkles. And he never starts anything he can't finish. Your father and grandfather knew him. Isn't it about time you met him face to face?"

After the shave you will
enjoy the comforting touch
of Williams' Tale.

**Your choice of
four forms**

Holder-Top Shaving Stick
Shaving Cream
Shaving Liquid
Shaving Powder

The J. B. Williams Company

If you prefer to use a shaving cup,
as many still do, ask your dealer
for Williams' Mug Shaving Soap
or Williams' Barber Soap.

Williams' ^{PAT. ENTED} Holder-Top Shaving Stick
